

Introducing: Ohio's Teen Council

Making connections one teen at a time!

Ohio Teen Council (OTC) is being created so that teens can have a say in what they need and want from our programs.

Joining OTC will give teens a voice! Quarterly meetings provide open discussions, hands on activities, and connections to others who have lived the military connected lifestyle.

Teens will gain confidence in leadership skills, mentor others and become a role model in their schools, families and their communities.

OTC offers teens a way to give back to the OMK program, experience for college applications, resumes and social services in a fun inspiring environment.

Contact Amy Lee about how you can become part of OTC today!
